

FLORES, ZYRA MAE G.

Computer Engineering Graduate with Technical Support and Communication Skills

San Pablo City, Laguna | 09462478966 | zyramaflores0619@gmail.com | www.linkedin.com/in/zyraflores

PROFESSIONAL SUMMARY

Computer Engineering graduate with hands-on experience in web development, Android development, embedded systems, and IoT solutions. Built projects using Java/Kotlin, Python, C++, ESP32, FastAPI, React.js, and Scikit-learn, integrating hardware, backend systems, and real-time dashboards. Experienced in translating UI wireframes into functional applications through internship work and academic projects. Civil Service eligible.

EDUCATION

Bachelor of Science in Computer Engineering
Laguna State Polytechnic University San Pablo

San Pablo City, Laguna
2022-2026

- Relevant Coursework : Computer Networks, Embedded Systems, Programming Fundamentals, Computer-Aided Drafting, Computer Engineering Drafting and Design

INTERNSHIP EXPERIENCE

RGRR Webmaker Philippines
Junior Web Developer Intern

Lucena City, Quezon
February - March 2026

- Developed BookNGo, a multi-tenant SaaS appointment booking platform using Next.js and Supabase
- Perform and collaborated on application structure, UI consistency, and feature implementation
- Designed wireframes and user interfaces for internal and client-facing systems

PROJECTS

- Smart Shoe Care Machine (thesis) - Next.js, TypeScript, PostgreSQL, ESP32, Kotlin, Gemini API, WebSockets
Developed an automated shoe cleaning, drying and sterilizing with image recognition to efficiently clean footwears using sensor-based operations and microcontroller.
- VitaLink AI – IoT Health Dashboard (capstone) - ESP32, FastAPI, React.js, MySQL, Scikit-learn (Isolation Forest)
Developed an end-to-end IoT system collecting real-time heart rate and motion data, processed by an Isolation Forest Machine Learning model for anomaly detection, visualized on a React.js dashboard.
- SLT App – Sign Language Translator- Java/Kotlin, Jetpack Compose, Computer Vision, 3D Avatar. Built an Android app with real-time hand gesture recognition (Sign-to-Text) and a 3D Avatar that performs signs (Text-to-Sign) plus a built-in sign dictionary.

SEMINARS AND CERTIFICATES

- CISCO Networking Basics 2026
- CISCO Introduction to Cybersecurity 2025
- ECOCPE: Towards Greener Tomorrow with E-waste Solutions 2025
- ICPEP - Institute of Computer Engineer Philippines General Assembly 2024
- ASCPE x ERovotika Electronics Robotics Automation Solution Trainings 2023
- TechFest: Exploring the Basic of Software to Hardware circuit Workshop 2023

SKILLS AND INTEREST

Technical skills - Python, Java, C++, FastAPI, Arduino, ESP32, AutoCAD, SketchUp, Microsoft Office Suite

Personal skills - Communication skill, Teamwork and Collaboration, Fast Learner, Time Management

Languages - English, Filipino

Interests - Music, Reading, Painting, Language Learning
